

ENEOS Outboard Plus 10W40 High Performance 4T Engine Oil for Outboards & Inboards

High performance and new generation 4-Stroke Engine Oil designed especially for both old and the new generation Outboard and Inboard Marine Engines. This oil offers excellent fuel economy, engine cleanliness / protection and meets the engine oil requirements of all Japanese, American and European outboard/inboard engine manufacturers

FEATURES & BENEFITS

1. Excellent protection & Cleanliness

Unique corrosion inhibitor protects the vital engine parts from rust and corrosion in the marine environment, both in running and idle condition.

2. Prolongs Engine life

The oil has excellent anti-wear and anti-oxidation properties, prolonging the life of internal components and Engine.

3. Excellent Engine cleanliness.

The scientifically engineered oil formulation cleans-up all deposits in the engine, maintaining sustained engine performance and power

4. Universal Oil formulation

The superior oil formulation meets the requirements of both new generation and the old marine engines

APPLICATION

- Universal Engine Oil for all Outboard and Inboard engines manufactured by Japanese, American and European manufacturers.
- Engine for all watercraft 4-stroke engines

PACK SIZES

- 1 Litre
- 4 Litres

TYPICAL PROPERTIES

Quality grade	JASO-MA
SAE viscosity grade	10W-40
Density (15°C), g/cm ³	0.88
Flash point (COC), °C	226
Kinematic viscosity (100°C), mm ² /s	13.40
Viscosity index	155
Pour point, °C	-40.0
TBN (HClO ₄), mg KOH/g	7.67
Appearance	Clear

Note: The typical properties may be changed without notice. (May 2011)
